

Service modification by importing a file on GetWay

Objenious

GetParc - Line manager

GetSIM

Lines management Monitoring of management acts

Changes can be made from:

The menu bar, by selecting « GetFleet »
→ Lines management

- From the carousel, click on « Edit services »
- On the left, filter from a file (CSV or Excel), select the order id and click on « Apply filter »
- Enter the offer to which you wish to apply the change and click on « Apply »

Step 2: Modification

• Tick the services to be activated and/or deactivated, then click on the « Apply » button.
