➤ There are 3 types of file:

- FD_N1: contains the monthly consumption and billing for each SIM card.
- FD_N2: contains a summary of daily consumption for each SIM card.
- DC_ALL: contains details of every call made during the day for each SIM card.

If the file size is greater than 500 MB, the file will be stored on the FTP server.

For any request, contact the M2M backoffice : partenaires_data@bouyguestelecom.fr
